CANDY ARSENAULT

VOTE FOR EXPERIENCE. VOTE FOR A STRONG VOICE. VOTE FOR CHANGE.

I bring experience, dedication, and a proven track record to the role of Bargaining Unit President. I've organized a union at a previous workplace and served as Bargaining Unit President for 10 years. I understand what it takes to stand up for workers, protect our rights, and fight for what matters.

I'm not afraid to speak up, stand my ground, or go the extra mile. I will be a strong voice for positive change, the preservation of our jobs, and the protection of our collective interests.

But this isn't about one person — it's about all of us. I believe in working together, listening to your concerns, and making sure every voice is heard. Together, we can build a stronger union and a better, safer, and more respectful workplace.

I have the experience. I have the determination. And I'm ready to stand up for YOU!
